ATTEND THE BRIDLEWOOD OPEN HOUSE

We are proud to announce this year's Bridlewood Insurance Open House is being held at the California Center For the Arts in Escondido on October 4th (Saturday) at 12 noon. Do You Qualify For Low Income ?

How to Qualify For Low Income Subsidy:

Low income subsidy is a federal subsidy program that helps low income Medicare-eligible consumers save money on their prescription costs. The program is administered by the Social Security Administration which determines consumers qualifications and eligibility levels.

To see if you qualify for LIS, your 2013 Yearly Gross income needs to be under \$17,235 or \$1,436.25 monthly for Individuals and under \$23,265 or \$1,938.75 monthly for married couple.

Your combined savings, investments, and real estate are not worth more than \$26,580, if you are married and living with your spouse, or \$13,300 if you are not currently married or not living with your spouse. (Do NOT count your home, vehicles, personal possessions, life insurance, burial plots, irrevocable burial contracts or back payments from Social Security or SSI.) If you have more than those amounts, you may not qualify for the extra help. Additional information can be found at www.socialsecurity.gov/prescriptionhelp

August Funnies (Please don't read if you're easily offended)

Newborn Baby

Two elderly gentlemen from a retirement center were sitting on a bench under a tree when one turns to the other and says: "Slim, I'm 83 years old now and I'm just full of aches and pains. I know you're about my age. How do you feel?" Slim says, "I feel just like a newborn baby." "Really! Like a newborn baby?" "Yep. No hair, no teeth, and I think I just wet my pants"

Elderly Women Drivers

Two elderly women Marie & Edith were out driving in a large car-both could barely see over the dashboard. As they were cruising along they came to an intersection. The stoplight was red but they just went on through. The Edith in the passenger seat thought to herself "I must be losing it, I could have sworn we just went through a red light." After a few more minutes they came to another intersection and the light was red again and again they went right though. This time Edith was almost sure that the light had been red but was really concerned that she was losing it. She was getting nervous and decided to pay very close attention to the road and the next intersection to see what was going on. At the next intersection, sure enough, the light was definitely red and they went right through and she turned to the Marie and said, "Marie! Did you know we just ran through three red lights in a row! You could have killed us!" Marie turned to her and said, "Oh, am I driving?"

A DOCTOR AND A PATIENT

I have some bad news and some very bad news. Patient: Well, might as well give me the bad news first. Doctor: The lab called with your test results. They said you have 24 hours to live. Patient: 24 HOURS! That's terrible!! WHAT could be WORSE? What's the very bad news? Doctor: I've been trying to reach you since yesterday.

A Terrible Accident sent in by Joe from Escondido

Poor Bob was in a terrible accident, and his manhood was mangled and torn from his body. His doctor assured him that modern medicine could solve this problem, but that his medical insurance wouldn't cover the surgery, since it was considered cosmetic.

The doctor said the cost would be \$3,500 for small, \$6,500 for medium, and \$14,000 for large. Bob was sure he wanted a large, but the doctors urged him to talk it over with his wife before he made and decisions.

Bob called his wife on the phone and explained the options. The doctor came back into the room and found Bob looking quite dejected.

"Well, what have you two decided?" asked the doctor. Bob answered,

"She'd rather remodel the kitchen."

Obama Care Subsidy Shot Down in Court

A divided federal appeals court panel dealt a potentially major blow to President Obama's health care law Tuesday, ruling that participants in health exchanges run by the federal government in 34 states are not eligible for billions of dollars in tax subsidies. The 2-1 ruling by a three-judge panel of the U.S. Court of Appeals for the D.C. Circuit, which will be appealed by the government, threatens the framework of the health care system for about 5 million Americans without employer-provided health plans. The D.C. appeals panel ruled that as written, the health care law allows tax credits to be offered to qualified participants only in state-run exchanges (like California). The administration had expected most if not all states to create their own, but only 16 states did so. It's expected that if the D.C. Circuit's ruling is not overturned, "individuals in at least 25 states who remain in their current plans could see an average premium increase of over 70%,"

Advertise in the Bridlewood Insurance Program

This year, at our Open House on October 4th, you have an opportunity to host a table to promote your product or service to our members. We are also putting together a Bridlewood Program booklet, with information on our Bridlewood agents, helpful phone numbers and a list of all our upcoming community meetings. We will be offering ad space for you to promote your business or outline your services. We can place an ad the size of a business card to a full page spread. Your business ad will be read by thousands of our readers, and we encourage our members to use those businesses and individuals that advertise with us. In order to provide such a large open house event, or hosting local community meetings, or just keeping you informed through the mail system, takes financial resources that our advertisers provide. For rates and availability, please email me at Jeff@bridlewoodinsurance.com
